EDUCATION

Graduation

Manav Rachna International Institute of Research and Studies

2027 | 7.6 (CGPA)

Senior Secondary (12th Std)

ST Angel's Sr. Sec. School

2022 | 80%

INTERNSHIPS

Ybi Foundation

06/2025 - 07/2025,

- Developed a machine learning model that estimate the price of flat based on some criteria.
- Designed using linear regression, random forest machine learning model.

TRAINING & CERTIFICATIONS

LinkedIn Certification

07/2025 - 07/2025,

- Stress Management and Time Management.

Internshala Certification

06/2024 - 07/2024,

- Certification course on Programing in Java.

SKILLS

Programming Languages: Java, Python, JavaScript, C, C++

Machine Learning Models: Linear regression, Random forest, KNN.

Databases: MySQL, Oracle Database, MongoDB, DB2

Development Tools

Development: React.js, Node.js, Express.js, jQuery.

PROJECTS

Flat price estimation (07/2025)

- Build a model that will help to estimate the price of flats.
- Model predict the price based on no. of flat, nearby facilities (metro, hospital etc.).

Student marks prediction (06/2025)

- Build a model that will predict the marks/ percentage of the student.
- Model predict the marks based on previous result, no. of hours of study, no. of days absent, extracurricular activities etc.

ACHIEVEMENTS

- Runner-up in Smart India Hackathon.
