PROJECTS

AI Resume Builder (MERN, OpenAI API)

- Developed a full-stack AI-powered resume builder application using the MERN stack, enabling users to create professional resumes with dynamic templates.
- Integrated AI (OpenAI API) to generate resume content, including summaries, skills, and project descriptions based on user input.
- Implemented secure user authentication using JWT and bcrypt for safe login, signup, and personalized resume storage
- Built RESTful APIs for resume creation, update, and download functionality (PDF export).

AWARDS/ACHIEVEMENTS

- Participated in HackWithDelhi Hackathon and secure top 20th position.
- Solved multiple problems on LeetCode

LANGUAGES

English, Hindi

INTERESTS

Cricket, Watching Sci-Fi Movies
